HERE'S the POINT!

By SPENCE HELD

A fella popped into the Peninsula News office Monday and said he had found a set of false teeth at the local beach.

"I knew they weren't from a barracuda," he grinned.

No, nor a shark . . . No fish of my acquaintance wears dentures —yet.

* * *

I got a glimpse of the local juvenile jungle Saturday, and didn't like it.

Along about 4 p.m. I was walking west on Newport Ave., when a frightened boy was surrounded by a gang of five or six others, apparently from the beach.

One of them snatched a dollar bill from the boy's shirt pocket . . . The victim took off down the street, glad to escape their clutches.

A pimply-faced member of the gang, about 14 years old and carrying what looked like a fence stake maybe four feet long, noted my interest in the robbery.

He made an insolent remark, whereupon I suggested harshly that it might be healthier for him to pipe down.

He didn't say anything more and I went into a nearby store for a moment . . . When I emerged and headed for the office I was trailed by the pimply-faced boy and a couple of others.

How do you like that?

* * *

Well, a 22-year-old sailor from the Naval Training Center reported that two other sailors tried to rob him Sunday night at the foot of Niagara Ave.

One of them knocked him down and the other kicked him in the head.

Police later arrested two sailors and said they admitted the assault. One, 18, was jailed. The other, 17, was turned over to the Shore Patrol. He's a juvenile, of course, and nothing much will be done to him.

* * *

Now take that 14-year-old kid with the fence stake. If he had hit me with it, and if I had sat on him until the constabulary arrived, what would the juvenile authorities have done with him?

Nothing, I suspect.

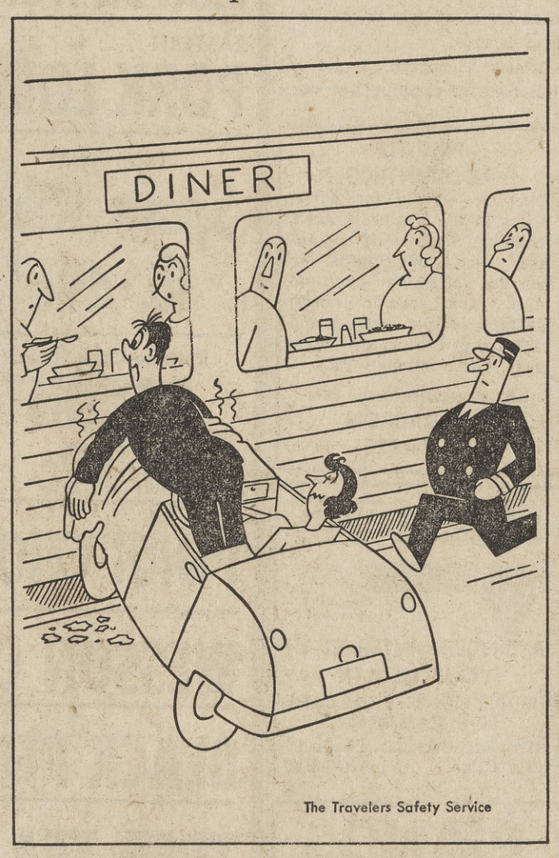

J. Edgar Hoover, FBI director, says the juvenile criminals are running wild and it's time to get tough with 'em.

Atty. Gen. Edmund G. Brown of California says that 60 percent of all crimes of violence in this state are committed by persons under 21 years of age.

In my opinion, the juvenile court system should be overhauled—juveniles who commit felonies should be treated as adults.

POINT LOMA LITTLE LEAGUE

Two weeks into the second half of the season, the league still had three 1st place teams, each with a three-and-one record. Chenkins, DeFalco and Optimist shared the glory; and the rest of the pack, Food Basket, Kiwanis and Rotary, split fourth spot three ways.

Monday, Optimist won one the hard way from Food Basket. After the game was tied in the top of the sixth by the grocery boys, Ricky Bauer got a single in the home half, and spiked the plate on an error to score the win for pitcher George Kelly.

Bobby Carrol pitched a shutout against Rotary Tuesday, in a thriller where both teams turned in identical double plays. For Chenkins, it was a fly to second sacker Tony Rosa, and a relay to 1st baseman Steve Curtis. For Rotary, the book showed a fly to Hurlburt, and Hurlburt to Lauren. Final score, Chenkins 4, Rotary 0.

Wednesday, De Falco took on Kiwanis and won handily 3-0, when John Wenz hurled a one-hitter for the second shut-out of the week at the park.

Tony Rosa toiled for Chenkins on Thursday, and bought a close contest, 3-2, from Food Basket.

Friday, Lyle Schafer started against Rotary for DeFalco. Steve Carr came on to finish, and got the win, 9-2, in a long tussle that finished in the twilight.

By contrast, the Saturday contest was brief, and Russ Puppe and Optimist defeated Kiwanis 5-1, in less than 90 minutes.

LITTLE LEAGUE AUX.

Mothers of Point Loma Little Leaguers are urged to attend a general meeting of the League Auxiliary Tuesday, July 2, at 10 a.m. in the Point Loma Kiwanis Youth Center on Cabrillo School playground.

The nominating committee will have a report on its selection of candidates for office for next year. it was announced.

PONY LEAGUE

Monday, June 17 saw Service Clubs down the Merchants 6 to 4. Merchants held the lead going into the 7th when Dick Conklin, slammed a bases-loaded home run to win the game for Service Clubs. The winning pitcher was Gary Rucker.

Optimists edged out Moose 7 to 6 in Wednesday's game behind the hurling of Carl Silva, who also tagged the ball for a homer.

On Thursday, 7Up made it 7 straight wins when they defeated Lions 9 to 8 behind the pitching of Mike Dolphin. Dolphin broke the League's home run record by hitting his 10th of the season. Tom Diven also tallied with a 4-bagger for 7Up.

In the first game of Saturday's triple-header, Lions defeated Moose 9 to 4. Tom Webb hit a round-tripper for Lions, and Don Sada got a homer for the losers. The winning pitcher was Nickie Sebastiani.

7Up defeated Merchants 6 to 1, with Richard Vance on the mound. Vance gave up 6 scattered hits and no walks.

Service Clubs shut out Optimists 7 to O. Gary Rucker, of Service Clubs, smacked a home run. Tom Lutes, the winning pitcher, allowed only one hit.

LOMA PORTAL LITTLE LEAGUE

Oscar's Midways narrowly averted their first setback of the the year last week and then went on to post victory No. 8 as they captured the first-half championship of the Loma Portal Little League season.

With Mike Gay and Larry Bardy collaborating on a six-hit mound effort, the Midways blasted Whitney's, 10-2, Saturday for their eighth win against no defeats. Catcher Billy Krause sparked the victors with three hits. The Oscars iced the verdict with a nine-run splurge in the third inning.

Oscar's had its closest call of the season Wednesday, being held to a 5-5 tie by North Lumber. A two-run error in the fifth enabled the Midways to knot the count. Billy Severino hit 2-for-4 for the Lumbermen while Stephen Gobel went 2-for-3 for Oscar's. The deadlock will be played off Saturday.

In other games last week, Whitney's notched their third triumph as they outlasted Cubic Corp., 10-7, and the Cubics rebounded Saturday to edge North Lumber, 6-4.

Five runs in the first inning followed by a four-run parade in the third lifted the Whitneys to their win over the Cubics. Cubic Pitcher Arthur Dean starred in his club's victory over North Lumber, hitting 3-for-3 and spacing seven hits. Steve Merhard, with two hits in three at bats, led the Lumbermen at the plate.

HOSPITAL—This architect's sketch from the office of Richard George Wheeler & Associates, architects and engineers, shows the $670,000 hospital to be built soon in the Peninsula area. It will be named "Doctors' Hospital."

Hospital To Be Built In Peninsula Area

Point Loma will have a $670,000 hospital by this time next year, according to an announcement made this week. It will be named "Doctors' Hospital" and will be under construction soon on a 4½ acre tract north of Rosecrans and Midway.

The announcement was made by David H. R. Pain, Ocean Beach attorney and spokesman for San Diego Medical Associates, the owners.

The building is planned to operate as a general hospital. Membership on the staff will be open to all members of the County Medical and Dental Societies. While initial building will provide for 62 beds, all services are designed to accommodate expansion to 100 beds as quickly as the need arises.

Richard George Wheeler & Associates is the architectural firm which has drawn up plans for the new hospital and construction is by Walter Trepte & Sons. Consultant to Wheeler and Trepte on planning and building is Louis M. Peelyon, administrator of Grossmont Hospital and a member of the Hospital Advisory Board of the State of California.

In discussing reasons for the building of the new hospital, Pain said:

"All hospitals in San Diego County now average almost 100% occupancy, and none of these hospitals is nearer than 6 to 8 miles from the Point Loma area. This area has a population of 45,000 today, according to City Planning Department figures, and anticipates a population of 50,000 in the next few years. The acute need for a new hospital in the city is further illustrated by the fact that emergency patients in the County are often unable to enter any hospital or must be transferred from one institution to another until a bed can be made available for their continued care.

"San Diego was about 300 hospital beds short in 1956, according to the last State of California Department of Public Health priority list. This statistic is based on a figure of 3½ beds needed for every 1000 of population in a metropolitan area. It is undoubtedly 500 beds short now, because of population growth. However, annual figures from the department are not released until July of each year.

"Aside from regular patient care, Doctors' Hospital will also serve a location near highly traveled highways and industrial activities where emergency care is needed daily.

The need for such facilities is highlighted by the fact that a new hospital built in the San Diego County area, in its first year of operation, took care of over 4000 emergency patients, or over 11 patients per day. Approximately 45% of these emergencies were admitted to the hospital for care, in addition to the routine patient load."

The new hospital will be a 4-wing, one-story frame building of contemporary style with initial construction totalling 24,000 sq. ft. There will be 2 wings for general patients, one for surgery, and one for maternity, with a central core consisting of laboratories, X-ray facilities, administration and service quarters.

Three separate parking lots will accommodate 250 cars for public, staff and service parking. The exterior of the building will be decorated with panels of different material in a variety of designs, such as panels of concrete block stacked end-on-end and stucco surfaces broken up into panels using flat inserted channel grooves.

Total investment of $670,000 includes land value, $50,000, building, $470,000, and equipment, $150,000.

Completion of the hospital is scheduled for June 1, 1958.

S. D. County Faces Water Famine 'Unless Second Aqueduct Is Built'

San Diego County faces a water famine unless the voters approve a bond issue to build a second San Diego County aqueduct, Fred Heilbron, chairman of the San Diego County Water Authority, told members of the Associated Chambers of Commerce of Northern San Diego County Tuesday night.

The group, meeting in the Town Hall at Ramona, heard a stern warning from Heilbron that the county faces economic strangulation unless means are provided to import additional Colorado River water.

"The only safe way to do this is to build a second aqueduct. The present aqueduct has a capacity of 140,000 acre feet per year," Heilbron said. "The proposed second aqueduct will have a capacity of 180,000 acre feet per year. The two lines will insure San Diego County of adequate water for many years to come."

Heilbron, who is secretary of the Metropolitan Water District of Southern California, in addition to his CWA work, said San Diego has been assured of ample Colorado River water to meet expanding needs.

"All we need is the ability to import the water. The Metropolitan Water District has said in a firm statement of policy that San Diego County and its other agencies will get all of the water they need at all times," Heilbron said.

He told the meeting that San Diego County "Would have dried up and blown away," in 1949 if it had not been for Colorado River water.

With big yellowtail at the Coronado Islands and big albacore a short distance from them engaged in a tooth and nail battle for domination of the second period of the $25,000 San Diego Yellowtail Derby, minimum qualifying weight literally took wings as it rose to 23 pounds 2 ounces with exactly half of the period remaining.

A 35 pound 6 ounce yellow put Tom Nakamoto, Lynwood, on the top rung of the qualifying ladder and moved the 33 pound 14 ounce albacore caught by L. H. Long, San Diego, down to second spot.

Other top fish of the week included: 29-8 yellow, R. E. Spencer, of 4880 Orchard Ave., Ocean Beach; 29-6 albacore, Harold Gerlis, Los Angeles; 28-15 yellow, Ben Blass, Downey; 27-13 albacore, Harold E. Shibley, North Hollywood, and 27-8 albacore, Tom Peters, South Gate.

Derby fishermen took more than 4000 yellows during the week and ran the season's total well past the 92,000 mark.

The Point Loma kelp beds also came to life and good catches of baracuda and calico bass were made by afternoon fishermen.

Local Water Use Rises Rapidly As Temperatures Soar Last Week

Last week's rising thermometer was accompanied by an increase in county water use.

During the first three days of the mid-June heat wave, water consumption in San Diego averaged almost 100 million gallons daily. Average daily water use in June is 19 million gallons.

"Unless we redouble our efforts to save water and take action to increase our water supply," said Mayor Charles C. Dail, "this county is going to be in serious trouble."

Dail is chairman of the county-wide Don't Waste Water Campaign and a leader in the County Water Authority's campaign to pass a bond issue for a new aqueduct to bring addtional Colorado River water into the county.

The Don't Waste Water Campaign is seeking to save 10 billion gallons this year to meet an anticipated shortage in agricultural areas. City water consumption was below last year for the first five months of 1957 despite a six per cent increase in water users.

"The acid test will come this summer," Dail warned. "Already we've cut into the amount of water saved during the winter and spring. Hot weather should be meet with a determination to use water wisely where it will do the most good."

Don't Waste Water officials suggested night-time watering, a cut-down on car washing, fewer and bigger automatic washes and a careful check to eliminate wasteful drips.

Such steps as these, Dail said, would cut down on water waste without jeopardizing essential uses of water during the warm, dry summer months.

'Around the World In 80 Days' Due At Capri Theatre

Contracts were signed this week in New York for the exclusive exhibition of Michael Todd's "Around The World In 80 Days" in Burton Jones' Capri Theatre.

William J. Heineman, vice-president in charge of world-wide sales for United Artists Corporation, signed for Todd, and said the Capri was selected after their engineers had surveyed all the available theatres in San Diego.

Jones stated that alternates to the theatre will start immediately and about $75,000 will be spent to install the newest Todd A-O equipment to give the finest presentation of any theatre in the country.

The date for the opening of "Around The World In 80 Days" is scheduled at the Capri for Aug. 1, to coincide with the Fiesta del Pacifico.

The Capri engagement will draw visitors from all over the southwest as there is no other showing of this picture this year between Los Angeles and Dallas.

Mike Todd is expected in San Diego this month to confer with Jones and his managers, and the technical engineers making the installation.

"Around The World In 80 Days" won five Academy Awards, including best picture.

The Capri Theatre will be the only theatre in the southwest, outside of Los Angeles, to be equipped with the Todd A-O equipment, which is an entirely new and revolutionary method of presenting motion pictures.

The showing at the Capri, like in Los Angeles, will be on a reserved seat policy with one show a night and matinees Wednesdays, Saturdays and Sundays.

Art Exhibition Set At Fiesta

An all-county exhibition of painting, graphics and sculpture will be held in the House of Charm, Balboa Park, from July 25 through Aug. 11 as a feature of the Fiesta del Pacifico, the San Diego County Art Institute has announced.

Earl F. Liddle, president of the Institute, said the exhibit was planned by the Institute to present the best new work of San Diego County artists during this summer's Fiesta del Pacifico.

The showing will be one of several displays of arts and crafts on view during the Fiesta, which will be built around "The California Story," the big musical pageant in Balboa Stadium.

This year's Fiesta dates are July 24 to August 10.

Liddle said a distinguished out-of-town jury of well-known artists will select the exhibit and award the prizes. "The jury is instructed to be exacting, to accept only the best work submitted and to assembly an exhibition richly varied and uniformly high in excellence," Liddle said.

Eligible artists must reside in San Diego County, and only original works of art may be submitted. The Institute will award $150 for the best oil painting, $100 for the best watercolor, $50 for the best sculpture, and $25 for the best graphic work. Trophies will be awarded by the Fiesta del Pacifico, and there will be purchase awards, merchandise awards and certificates of distinction.

MR. AND MRS. B. A. McCUTCHAN

Webb-McCutchan Wedding Held At Church Here

At a late afternoon ceremony Saturday in the chapel of Point Loma Community Presbyterian Church, Luella Sue Webb, daughter of Mr. and Mrs. Thomas S. Webb of 4412 Coronado Ave., became the bride of Bruce Andrew McCutchan, son of Mr. and Mrs. William F. McCutchan of 1224 Clove St.

Gowned in a ballerina length dress of lace and tulle, the bride was given in marriage by her father. Her short veil fell from pearl tiara. A white orchid corsage centered her bouquet of feathered carnations.

Summer frocks in pink, lavender and blue were worn by the attendants, Judith Kaiser, maid of honor; Diane DuPlessis, Trudi Gorden and Barbara Velasquez, bridesmaids.

Assisting the groom as best man was Wally Hively, and ushers were Bill Thien, Deke Cantrell and Bob McCutchan, brother of the groom.

The reception was held in the garden patio at the home of the bride's parents. Her mother received in a navy blue dress with white accessories. The groom's mother wore a brown and white dress with white accessories. The couple left for a short trip to Lake Arrowhead.

Both the bride and groom are graduates of Point Loma High School, and the bride is a former Miss Ocean Beach. They will reside in Ocean Beach, and be employed at an aircraft plant.

'Caffeine Drinks' Is Temple Topic

"Caffeine Beverages" is the topic of L. H. Lonergan, M. D. of the College of Medical Evangelists, Loma Linda, California, this Saturday evening at 7:30 p.m. at the Masonic Temple, 1711 Sunset Cliffs Blvd. This talk will be broadcast over KGB.

"The Woman in Scarlet," will be the illustrated lecture topic of Evangelist R. E. Delafield immediately following the health talk.

"The closing night's service in the 12-week gospel and health series at the Masonic Temple will be held on Sunday night, as the topic of 'God's great movement on earth preparing the way for the second coming of Christ' is presented.' '

The public is cordially invited to these meetings.

WHO'S NEW ON POINT LOMA

Recently returned from Peru are Mr. and Mrs. George Dew who have bought a home in the 1300 block of Plum St. The family, which includes three sons, James, 6; Daniel, 4 and Stephen, 2, stayed at Kona Kai until they bought. Mrs. Dew brought a Peruvian girl to help with the children and the housework.

Their home has a view of the bay. In a downstairs den are hand-tooled leather-covered tables and chairs which the Dews brought back with them.

After five years in the topics, Lt. Cmdr. (USN) and Mrs. R. E. Wilcox are having a hard time getting used to California climate. They were at San Juan, Puerto Rico. Now, at their new address in the 3500 block of Jennings St., they are installing a large picture window in front to take advantage of their view of San Diego Bay.

Polishing the copper hood on the fireplace was one of the first jobs tackled by Mr. and Mrs. Bruce N. Moore when they moved from 3785 Ibis St. to their new address in the 3000 block of Homer St. The family includes Melinda, 5; Jeffrey, 2 and Jennifer, 6 months. Mr. Moore is in the insurance business.

After living in the house for awhile, Mr. and Mrs. N. E. Danielson decided to buy it. Their address is in the 900 block of Point St. Mr. Danielson is a service representative for General Motors. They have a son, Don, 4.
